## PROFILE

---

Front-end developer with a passion for designing interactive websites using HTML, CSS, JavaScript, and React. I seek to develop my expertise and participate in compelling projects.

## EDUCATION

---

Bachelor of Computer Science(In Progress)

09/2023-07/2027

Tanta University

Faculty of Computers and Information

Tanta-Egypt

## PROJECTS

---

### Portfolio Website

A personal portfolio website built with HTML, CSS, and JavaScript, showcasing my projects and skills

### Word Guessing Game

Interactive game built with JavaScript (ES6+) where users try to guess words with limited attempts

### Furniture Store

Responsive e-commerce website for furniture using HTML, CSS, and JavaScript, with shopping cart data stored in Local Storage

### Mobile Store App

Web application for browsing mobile phones using a public API. Includes features for adding items to the cart, saving data in Local Storage, and syncing across devices

## SKILLS

---

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js (Hooks, Router)

CSS Frameworks: Tailwind CSS, Bootstrap 5

Tools: Git, GitHub, VS Code

Other: Responsive Design, REST APIs, Agile/Scrum

## COURSES

---

Modern JavaScript (ES6+) – learned from Osama Elzero Web School (YouTube)

React.js Fundamentals – learned from an international online instructor (YouTube)

Responsive Web Design – practiced using Tailwind CSS & Bootstrap
